

# PHANTOMS, SPECTERS and DEMONS, OH MY!

## A Talk for Halloween at the Rudolf Steiner Community Center LA by LINDA CONNELL In-person and online

*Do phantoms, specters, and demons really exist? Or are they just a figment of people's imaginations, invented to be scary on Halloween? What did Rudolf Steiner say about them?*

*LINDA CONNELL, member of the Los Angeles Branch, will answer these questions just in time for Halloween. BONUS ONLY for those attending in person - Eurythmy pieces performed by ANDREW MZERULIONIS.*

*Chocolate will be provided for speedy recovery. Costumes welcome. Or you can zoom in from the (apparent) safety of your home. Not for children!*
