

# Sergei O. Prokofieff

## A Radiating Light For Anthroposophy

**Join us dear friends!**

As we lift up our recollections to the individuality of Sergei O. Prokofieff, who crossed the Threshold seven years ago this July. His commitment to Rudolf Steiner and the work of Anthroposophy in the world, continues to unfold important insights and tasks for the future.

Peter Selg will illuminate Sergei O. Prokofieff's life and intentions. The colleagues of the Goetheanum-Eurythmie-Ensemble will work on the Grundsteinspruch on that day in memory of Sergei O. Prokofieff. We will close with a performance of the Prophecy of the Russian Epic.
